Paramount PVC Decking

- Lightweight, easy-to-handle boards
- No organic compounds to promote mold growth
- Resists moisture, dents, and flames
- Meets/exceeds OSHA and ADA slip-resistance guidelines
- Low maintenance

Reversible: No

Material: Polyvinyl chloride (PVC) alloy outer surface is co-extruded on three sides with a cellular PVC core

Warranty: Lifetime Limited Performance

**Phantom Hidden Fasteners**

- Smart design enables faster installation
- Allows one fastener per butt joint
- Gripper feet bite into joist; spacer tabs create consistent spacing
- Keyhole design properly orients and seats the screw for optimal installation
- Corrosion-resistant
- All packages includes clips, screws, and driver bit

</table>

**Ballistic NailScrew Driver**

- Installs up to 50% faster
- Driver Attachment easily snaps onto the Ballistic NailScrew Driver, allowing screws to be driven into place with the pull of the trigger
- Fasteners install like nails, but can be removed easily like screws
- Driver Kit includes swivel hose fitting, belt hook, safety glasses, allen wrench, oil, driver attachment, and ballistic nailscrew driver
- Tub contains 900 fasteners (800 line fasteners, 100 butt joint fasteners), 950 nailscrews, 1 drive attachment, and 2 drive bits

The Fiberon Cortex Fastening System is a hidden deck board face-fastening system that blends seamlessly with the color of your deck.

Box contents will cover 100 l/f for 12 in. on-center joist installation or 140 l/f for 16 in. on-center joist installation. Each box includes 224 screws, 300 color-match plugs, and two setting tools.

Bucket quantities are available for Paramount decking only. Contents will cover 300 sq. ft. of decking. Each bucket contains 1,050 screws, 1,200 color-match plugs, and six setting tools.

Material: Powder-coated stainless steel

Symmetry Composite Railing

Top Rail Dimensions: 3 in. x 3.06 in.

Bottom Rail Dimensions: 2.56 in. x 2.07 in.

- Satin finish adds elegance; composite construction ensures lasting durability
- Reinforced top rail provides strong, sturdy feel
- Longer rail spans (up to 12 ft.) enable better sight lines
- Hidden hardware keeps the look clean
- Works with round, aluminum balusters; cable rail; acrylic panels

Material: Premium quality composite with permanent PVC surface.

Warranties: 25-year Residential Limited Performance; 5-year Commercial Limited Performance

Symmetry Railing Components

Maximum length between post sleeves:
- 6 ft. Rail = 67 in.
- 8 ft. Rail = 91 in.
- 10 ft. Rail = 115 in.
- 12 ft. Rail = 139 in.

Note: Rail lengths will vary slightly due to manufacturing processes. Make sure rails are cut to correct length, and with hole pattern centered between posts before securing.

For the most up-to-date information, visit fiberondecking.com.
Rail kits include top rail, bottom rail, H-channel, U-channel (if necessary), crush blocks, and hardware. **Posts and infills sold separately.**

Horizon Composite Railing

Top Rail Dimensions: 3.75 in. x 2.25 in.

Bottom Rail Dimensions: 3.5 in. x 1.75 in.

- Drink-friendly flat top rail is ideal for entertaining
- Permanent bonded finish protects against moisture, stains, and UV rays
- Pre-routed dagger system reduces baluster installation time
- Three infill options: square composite balusters; round metal balusters; ClearVisionSystem panels

Material: Composite core with a durable PVC coating
Warranties: 20-year Residential Limited Performance; 5-year Commercial Limited Performance

NOTE: Rail lengths will vary slightly due to manufacturing processes. Make sure rails are cut to correct length, and with hole pattern centered between posts before securing.

For the most up-to-date information, visit fiberondecking.com.
Horizon Rail Sections with matching Square Composite Balusters

Rail sections include top and bottom rails, hardware, square composite balusters, and baluster inserts. **Posts sold separately.**

Good Life Composite Railing

Top Rail Dimensions: 2.97 in. x 2.97 in.
Bottom Rail Dimensions: 2 in. x 3.5 in.

- Low maintenance composite saves time; lower price point saves money
- Eco-friendly composite core and durable PVC coating ensure lasting performance
- Classic rail design and color (white) complements almost any home
- Easy installation makes it DIY-friendly

Material: Premium quality composite with permanent PVC surface.
Warranty: 20-year Limited Performance

Good Life Railing Components

Maximum length between post sleeves:
6 ft. Rail = 72 in.  8 ft. Rail = 96 in.

NOTE: Rail lengths will vary slightly due to manufacturing processes. Make sure rails are cut to correct length, and with hole pattern centered between posts before securing.
Good Life Railing Sections with matching Square Composite Balusters

Rail sections include top and bottom rails, hardware, and square composite balusters. **Posts sold separately.**

LED Recessed Deck Surface Light Kit

Kit includes 10 LED recessed lights, transformer/power source, wire connectors, 100 feet of wire, remote driver, and remote control. Recessed lights fit flush with the deck surface. The transformer can power up to 30 recessed lights total. Additional lights are sold separately in packs of two or 10.

ADA HANDRAIL SYSTEM
ADA Handrail System Components

• ADA code-compliant handrail
• Available in white, black, and brown
• Works with Symmetry, Horizon, and Good Life Railing
• Backed by a 20-year limited warranty

ADA Handrail

• ADA Handrail is available in 104 in. lengths that can be connected with ADA joiners
• Finish with a wall return kit, end loop, or post return
• The length of the ADA handrail is supported and attached by ADA mounting brackets (sold separately)

Fiberon® Care and Maintenance

**Fiberon Decking**

**Important Considerations**

- Ensure a minimum of 1.5 inches (4 cm) required ventilation under deck and required spacing between decking boards. See ventilation requirements below.
- Improve drainage or grade soil to eliminate standing water under decks.
- Direct downspouts, downspout extensions and splash guards away from decks.
- Position dryer vents away from decks.
- Maintain a deck that is dry and clean.
- Clean your deck as often as needed, at least twice each year.
- Use extreme caution with pressure washers and use at pressures less than 3,000 psi at 10 in. above deck surface. Pressure washing is not recommended when mold/mildew are present on the deck.
- Keep debris out of gaps between the decking boards so rain showers can remove pollen and organic debris between cleanings.
- Minimize the use of wet mulch up against the deck structure.
- Items stored directly on top of the deck surface, such as flower pots, prohibit water evaporation and can cause some staining on the deck surface.

**Ventilation**

Make sure there is adequate and unobstructed air flow under 50% of the deck. Allow a minimum of 1.5 inches (4 cm) between bottom of joist and the ground. Water must be able to flow away from under the deck. Improve drainage or grade flat areas where standing water may gather. Do not install decking directly to an existing or solid surface.

**Sleeper Installation**

Minimum joist height is 1.5 inches (4 cm), installed level, in direction of water runoff and directly to a solid sub-structure. Create adequate ventilation for the deck by widening side-to-side spacing between boards to 1/4 inch (6 cm) with a maximum of 3/8 inch (9.5 mm) gap. The deck design must allow unrestricted air flow under the deck at the open joist ends for ventilation and drainage.

**Mind the Gap**

If the gap between decking boards is less than 3/16 in., organic debris such as leaves, seeds or pollen can settle on the deck and clog gaps. Water can pool, steeping organic debris that forms a “tea” or of tannin which may stain your deck. This organic debris is a strong food source for mold. Keeping the gap clean is the easiest way to keep the deck clean. If gapping becomes clogged, use a garden hose, a spatula, putty knife or similar tool to remove debris.

**Clean Your Deck**

Clean your deck as often as needed, at least twice each year to remove pollen, organic debris, dirt or stains. Generally, a broom or a blower will work better than a hose for removing scattered organic materials like leaves. For general cleaning, use soap and water or mild household cleaners.

**Construction Chalk**

Colored chalk, used in construction for marking straight lines prior to cutting, is permanent on most surfaces. Contact the manufacturer of the specific brand and color of chalk for a cleaning solution that may prove effective. The best advice is to avoid colored chalk. Use workable alternatives such as white chalk or baby powder.
Masonry Construction

It is important to protect decking during masonry construction. White or hazy residue from mineral deposits (efflorescence) can leach out of stone and masonry materials after water evaporates, leaving the deposits behind. Minerals from soils in certain arid and mountainous environments can also cause a hazing affect when deposited on the deck surface. This can only be prevented with complete and secure coverage of the decking surface area during the construction phase or installation of the decking after the masonry construction phase. To minimize this affect during masonry construction, keep materials dry and allow masonry and cement to cure properly.

For mineral deposits left on the decking surface, periodic cleaning is required to maintain visual attractiveness. Fiberon Composite Deck Cleaner is specifically formulated to clean dirt, clay, mud, soil, mineral deposits and masonry and stucco residue. Use the Fiberon Composite Deck Cleaner with a brass bristle brush to clean, repeating the process as needed. Be sure to follow the label instructions. Do not mix recommended cleaning products together as harmful chemical reactions could occur.

Dirt and Grime

Dislodge accumulated dirt with a broom or by using soap and water and a non-metal scrub brush. Thoroughly rinse off with a garden hose. Skilled professionals may use a pressure washer with wide fan tips, at low pressures under 3,000 psi and at safe distances, 10 in. above deck. In the wrong hands, your composite deck can be damaged. Exercise extreme caution.

Oil and Grease Stains

Speedy clean-up is best. To clean grease and oil stains that soap and water cannot remove, some all-purpose cleaners such as Fantastik will cut through grease and grime. Or use a commercial deck cleaner designed specifically for your type of decking. De-Solv-It Citrus Solution is effective in removing tar, asphalt, oil, grease and chewing gum. Be sure to follow the manufacturer’s recommendations and test in an inconspicuous area prior to cleaning the entire deck.

Mold and Mildew

Mold and mildew are common environmental conditions. Molds grow on decaying organic material such as wood, leaf decay, and pollen. Tiny and lightweight, mold spores travel easily through the air. Different climates experience varying degrees of these conditions depending on the amount of moisture and heat present.

To thrive, mold and mildew need air, water, elevated temperatures and a food source. There is no way to eliminate all these conditions in the environment. A wide variety of building materials including concrete, wood products, vinyl siding and many others are subject to potential mold growth.

To minimize mold on your decking, clean your deck as often as needed, at least twice each year. Climate conditions vary in different regions of the country and may necessitate more periodic cleaning. Removal of leaves, debris, and other organic materials that provide a food source for mold development is important. If mold is present on your deck, there are many commercial products available for cleaning mold. We recommend the following commercial cleaners. For best results, be sure to follow the manufacturer’s instructions and use cleaners within their stated shelf life. Do not mix recommended cleaning products together, as harmful chemical reactions could occur. Never mix bleach and acids.

Collier Manufacturing 30-Seconds® Outdoor Cleaner and 30-Seconds® Spray & Walk Away are heavy duty, mildly alkaline, chlorinated mold and mildew removers/cleaners that are biodegradable once rinsed into the soil. Both have been tested and perform very well in removing mold and mildew and retarding its return.

For more information on cleaning mold and mildew, see Fiberon Technical Bulletin # 13 at this link, fiberondecking.com/resources/literature.

Salt and Calcium Chloride

Buildup of salt and calcium chloride from snow and ice removal is easily removed with enough water and perhaps a light scrub. Use a garden hose or sprayer. If using a pressure washer, use at low pressures under 3,000 psi and at safe distances, 10 in. above deck, to avoid damaging your deck. Never use metal shovels or sharp-edged tools to remove snow and ice from the surface of any Fiberon decking product.

For the most up-to-date information, visit fiberondecking.com.
**Static**

Dry or windy environments may create a temporary condition of static electricity, which will vary depending on climate and site conditions. Heat pumps and dryer vents that are close to, or pointed toward the decking material can also generate static electricity on the deck.

**Rubber Mats**

Welcome mats or grill mats with a rubber, vinyl or latex backing can mark your deck. The marks can be removed; however, to avoid them, use only polypropylene or colorfast woven rugs.

**Important Ladder Usage Safety Instructions**

When using a ladder, place the ladder on a piece of ¾ in. plywood firmly secured to the deck surface. This will disperse the load of the ladder’s feet to nearby underlying joists. Drill fasteners downward through the top of the plywood sheet, into the deck board gaps and into the joists to keep the plywood from slipping. This avoids leaving holes in your decking once the plywood sheet is removed. Be sure to follow the ladder manufacturer’s instructions and safety tips.

**Fire and Unusual Heat Sources**

Composite decking will retain heat when exposed to direct or reflective sunlight. Exercise caution if walking barefoot as footwear may be required. Fire and unusual sources of heat and heat build-up can possibly damage Fiberon decking surfaces. Examples would include fire, reflected light from different types of glass (ex. low-e glass), fire features, and under-deck waterproofing installations that do not provide the six inches (15 cm) of unobstructed net free ventilation.

- **Low-E Glass/Reflected Heat**
  Low-emissivity (Low-E) glass is designed to prevent heat gain inside the house by reflecting sunlight outward. This reflective property can result in excessive heat build on the surface of Fiberon decking. The properties that Low-E glass employs to prevent passive heat gain within a structure can result in unusual heat build-up on exterior surfaces.

When sunlight is reflected and concentrated, it can harm a range of building materials, including doors, windows, siding, trim and decking. Damage caused to these products can include melting, sagging, warping, discoloration, increased expansion and contraction, and accelerated weathering.

If you have questions on how to reduce this risk, contact the manufacturer of the product which contains the Low-E glass for suggestions on how to reduce or eliminate the reflected heat.

- **Under-deck Waterproofing Systems**
  Under-deck waterproofing systems, properly installed, can provide additional living or storage space. Improper installations are those that restrict air flow and result in build-up of heat and/or humidity which can result in unwanted consequences. Contact the manufacturer of the specific under-deck waterproofing system for installation instructions to ensure the required six inches (15 cm) of unobstructed ventilation is achieved for Fiberon decking. If already installed, seek methods to achieve the ventilation requirement.

- **Fire Features/Fire Pits**
  Fire features and fire pits are increasingly popular in outdoor living environments. Fire can damage many building products, including Fiberon decking. Improperly installed fire features and fire pits can cause damage to the surface of Fiberon decking via direct exposure to the flame or excessive radiated heat. Proper caution should be taken when designing, installing and using these features to ensure damage does not result.

**Fiberon Paramount Decking**

Recommended cleaners include Simple Green and Krud Kutter Cleaner Degreaser. Follow the manufacturer’s instructions and test in an inconspicuous area to make sure cleaner does not harm the decking surface. Avoid the use of rubber or vinyl products on Paramount Decking, as a reaction could occur resulting in discoloration under the rubber or vinyl product. Certain chemical ingredients in products such as insect repellent and sunblock could cause a reaction and result in a stain on the decking surface.
Residential Limited Warranty

PLEASE READ THIS WARRANTY CAREFULLY BEFORE PURCHASING, USING OR INSTALLING YOUR FIBERON® PRODUCT. THIS WARRANTY IS A BASIS OF THE BARGAIN AND PURCHASE OF THE FIBERON PRODUCT AND SETS FORTH THE ENTIRE WARRANTY AND RESPONSIBILITY OF FIBERON. PURCHASE AND USE OF THE FIBERON PRODUCT CONSTITUTES ACCEPTANCE OF AND AGREEMENT TO THESE TERMS. SECTION 5 CONTAINS A BINDING ARBITRATION CLAUSE AND CLASS ACTION WAIVER THAT AFFECTS YOUR RIGHTS ABOUT HOW TO RESOLVE ANY DISPUTE WITH FIBERON.

Limited Warranty

Fiber Composites LLC, individually and doing business as Fiberon (“Fiberon”) warrants to the original purchaser (“Purchaser”, “you” or “your”) that for the Warranty Period set forth below the following products (“Fiberon Product”) shall, under normal and proper service conditions, remain free from material manufacturing defects and will not check, splinter, delaminate, rot, or suffer structural damage from fungal decay, when installed, used and maintained in an above-ground application and in accordance with Fiberon’s written instructions. For purposes of this Limited Warranty, (a) the “original purchaser” means the individual or individuals who were the owners of the structure when the deck constructed of the subject Fiberon Products was installed, and (b) a “residential application” is an installation of the Fiberon Product on an owner-occupied residence.

Lifetime Limited Warranty

The term of this Limited Warranty (“Warranty Period”) for the Fiberon Product listed below shall be in effect from the date of original purchase by or for a residential application as long as the Purchaser owns the property upon which the Fiberon Product was installed.

Decking: Fiberon® Paramount™ PVC Decking

25-year Limited Warranty

The term of this Limited Warranty (“Warranty Period”) for the Fiberon Product listed below shall be twenty-five (25) years from the date of original purchase by or for a residential application as long as the Original Purchaser owns the property upon which the Fiberon Product was installed.

Decking: Fiberon Horizon® Decking, Fiberon Horizon Symmetry™ Collection Decking, Fiberon ProTect Advantage® Decking, Fiberon ProTect® Decking, Fiberon Sanctuary® Decking, Fiberon Good Life™ Decking

Railing: Fiberon® Symmetry Railing

20-year Limited Warranty

The term of this Limited Warranty (“Warranty Period”) for the Fiberon Products listed below shall be twenty (20) years from the date of original purchase by or for a residential application as long as the Original Purchaser owns the property upon which the Fiberon Product was installed.

Decking: Fiberon Professional Decking, Fiberon Xtreme Decking, Fiberon Xtreme Wide Decking, Terranova® Xtreme, Fiberon ArmorGuard® Decking and Veranda® ArmorGuard Decking

Railing: Fiberon Horizon Railing, Fiberon Good Life Railing, Fiberon Natural Railing, Fiberon HomeSelect® Railing, Veranda ArmorGuard Railing, Veranda Regency Railing and Veranda Enclave® Railing

Fasteners: Fiberon and Phantom® branded Hidden Fasteners (“Fiberon Fastener”) as listed on www.fiberondecking.com

For the most up-to-date information, visit fiberondecking.com.
15-year Limited Warranty

The term of this Limited Warranty ("Warranty Period") for the Fiberon Products listed below shall be fifteen (15) years from the date of original purchase by or for a residential application as long as the Original Purchaser owns the property upon which the Fiberon Product was installed.

**Decking:** Fiberon Traditional Decking, Fiberon Exotics Decking, Terranova Decking and Veranda Composite Decking

**Fencing:** Fiberon Fencing Pickets and Cross Rails, Veranda Composite Fencing Pickets and Cross Rails, Fiberon Wood Shades® Fencing Pickets and Cross Rails

Note: Substitution of wood or other materials for any portion of the Fencing system will void this warranty. This warranty is only valid if the entire Fiberon manufactured system is used: Posts, Pickets and Backer Rails.

10-year Limited Warranty

The term of this Limited Warranty ("Warranty Period") for the Fiberon Products listed below shall be ten (10) years from the date of original purchase by or for a residential application as long as the Original Purchaser owns the property upon which the Fiberon Product was installed.

**Fencing:** Fiberon Wood Shades Fencing Posts, Fiberon Fencing Posts, Veranda Composite Fencing Posts

Note: Substitution of wood or other materials for any portion of the Fencing system will void this warranty. This warranty is only valid if the entire Fiberon manufactured system is used: Posts, Pickets and Backer Rails.

Obtaining Instructions

Fiberon written instructions are available from your Fiberon dealer or your contractor or from Fiberon at fiberondecking.com or by writing to Fiberon at the address stated below.

Warranty Period Replacement

In the event of a failure of the Fiberon Product or Fiberon Fastener within the applicable Warranty Period as warranted above, when properly installed, used and maintained as described above, Fiberon will replace the nonconforming item as set forth in Section 2 below.

Terms and Conditions

The limited warranty set forth in this Limited Warranty is the only warranty (whether written or oral, express or implied) Fiberon makes for your Fiberon Product or Fiberon Fasteners; it is subject to all terms and conditions stated herein and no one (including but not limited to a Fiberon dealer, installer, reseller, agent or employee) is authorized to modify, expand or add to this limited warranty. Fiberon makes no other representation, guarantee or warranty. No one is authorized to make any representation, guarantee or warranty on Fiberon's behalf, and Fiberon shall not be bound by or liable for, any representation, guarantee, warranty, or condition with regard to any Fiberon Product or Fiberon Fastener other than as expressly stated in this Limited Warranty. THIS LIMITED WARRANTY COMPRISSES FIBERON'S SOLE AND ENTIRE WARRANTY AND OBLIGATION IN CONNECTION WITH FIBERON PRODUCTS OR FIBERON FASTENERS. ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, QUALITY, CONDITION, SUITABILITY, OR PERFORMANCE, ARE EXPRESSLY EXCLUDED AND DISCLAIMED. ALL IMPLIED WARRANTIES, INCLUDING MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, NOT EFFECTIVELY DISCLAIMED ARE LIMITED TO THE APPLICABLE STATUTE OF LIMITATIONS BUT IN NO EVENT WILL EXTEND BEYOND THE APPLICABLE WARRANTY PERIOD. FIBERON EXCLUDES AND WILL NOT PAY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. IN NO EVENT, REGARDLESS OF THE BASIS OF ANY CLAIM OR LIABILITY, SHALL FIBERON BE LIABLE FOR ANY DAMAGES, OF ANY NATURE OR DESCRIPTION WHATSOEVER, EXCEEDING THE ACTUAL PURCHASE PRICE, AND ANY LIABILITY SHALL BE LIMITED TO, THE ACTUAL PURCHASE PRICE OF THE DEFECTIVE PRODUCT AS ADJUSTED ON THE BASIS OF THE PRORATED WARRANTY SCHEDULE PROVIDED HEREIN.

For the most up-to-date information, visit fiberondecking.com.
Warranty Claim Procedure

1. Make a Claim

To make a warranty claim, the Purchaser must send a copy of this warranty document, copy of original proof of purchase, and photos of the defective or nonconforming Fiberon Product or Fiberon Fasteners, to the address below. Such proof of purchase must be from an authorized Fiberon Product dealer and must show (1) the date of the purchase and (2) that sufficient Fiberon Product has been purchased to cover the number of lineal feet claimed to be damaged. All warranty claims must be received by Fiberon within the Warranty Period and in no event later than thirty (30) days after any discovery of a possible nonconforming nature of or other failure of the Fiberon Product or Fiberon Fastener.

2. Submit a Claim

Claims and Notices must be sent to:

Fiberon Consumer and Technical Support Department
181 Random Dr., New London, NC 28127
Phone 844-226-3958 | Fax 704-463-1750 | email info@fiberondecking.com

3. Temporary Repairs and Determination

Upon discovering a possible defect of the Fiberon Product or Fiberon Fastener, Purchaser must make temporary repairs or cordon off the area at the Purchaser’s expense to protect all property and persons that could be affected. If needed, the Purchaser must allow Fiberon to enter the property into which the Fiberon Product or Fiberon Fastener is installed to inspect the nonconforming product. Fiberon must have made a determination on the warranty claim before any permanent repairs or removal of materials may be undertaken. No products shall be returned to Fiberon unless directed and authorized by Fiberon in writing to do so. Any removal or disposal of defective products shall be at Purchaser’s expense.

General Conditions, Exclusions and Limitations

Purchaser’s Sole Remedy

Purchaser’s sole remedy, and Fiberon’s sole liability, for any claim whatsoever relating to the Fiberon Product or Fiberon Fastener, including without limitation any claims arising out of the marketing, purchase, installation, use, storage, possession or maintenance of Fiberon Products (whether such claim arises in contract, warranty, tort, gross negligence, negligence, strict liability, statutes or regulations, or otherwise) or any claims that the Fiberon Products or Fiberon Fasteners failed to perform as warranted above, is and shall be the replacement of the defective Fiberon Product or Fiberon Fastener with new Fiberon Product or Fiberon Fastener, as the case may be, in an amount equal to the volume (linear feet) of defective material as listed on the Prorated Warranty Schedule contained herein or the number of defective Fiberon Fasteners. Replacement Fiberon material will be as close in color, design and quality to the original installation as reasonably possible, in Fiberon’s discretion and determination, but Fiberon does not guarantee an exact match as colors and designs may change. Additionally, Purchaser agrees to the use of such fasteners as adequate for reinstallation of the furnished board, irrespective of existing method. Fiberon may, at its option, elect to refund the percentage of the original purchase price listed under Recovery on the Prorated Warranty Schedule in lieu of replacing the defective product.

Exclusions and Limitations of Certain Damages

In no event will Fiberon be liable for any direct, indirect, incidental, special, consequential, punitive, exemplary, statutory, special, or other, damages based upon the Fiberon Products or Fiberon Fasteners or resulting, directly or indirectly, from any defect in the Fiberon Products or Fiberon Fasteners, including but not limited to damage to, diminution in value of and/or loss of use or enjoyment of, any property or part thereof, whether based on contract, tort, strict liability, statute, regulation or otherwise, even if Fiberon is expressly advised about the possibility of such damages. Some states do not allow the exclusion or limitation of incidental or consequential damages in certain circumstances, so the above limitation may not apply to you.

For the most up-to-date information, visit fiberondecking.com.
In addition, this Limited Warranty does not cover and Fiberon shall not be liable for any installation, removal or reininstallation costs. Fiberon does not warrant against and is not responsible for, and no express or implied warranty shall be deemed to cover, any condition attributable to: (1) improper installation of Fiberon products and/or failure to abide by Fiberon’s written instructions and any applicable laws or building codes, including but not limited to improper structural support, fastening, ventilation or gapping; (2) use of Fiberon Products beyond normal use or in an application not recommended or permitted by Fiberon’s written instructions and applicable laws and building codes; (3) movement, distortion, collapse or settling of the ground or the supporting structure on which Fiberon Products are installed; (4) Defects in or failure arising from deck structure resulting from water caused by improper installation, workmanship, maintenance or repair; (5) any Act of God (including but not limited to flooding, hurricane, tornado, wind, earthquake, lightning, hail, etc.); (6) discoloration, fading, spotting or staining from or caused, in whole or in part, by mold, mildew, other fungal growth, organic materials, metallic oxides or particles (including but not limited to rust or corrosion of any fasteners), dirt, other atmospheric or environmental pollutants, foreign substances such as grease or oil, chemicals (including but not limited to those found in cleaners), or normal weathering (defined as natural efflorescence, exposure to sunlight, weather and atmospheric conditions which causes any colored surface to gradually fade, flake, chalk, or accumulate dirt or stains); (7) damage resulting from casualty, fire or exposure to heat sources such as cooking devices or retro-reflective surfaces; (8) the application of paints, stains, surface treatments or other chemical substances including but not limited to cleaners or pesticides; (9) fading, flaking or other deterioration of any paints, stains or other coatings placed on the Fiberon Products; (10) climate change, environmental conditions, static electricity or any cause beyond the control of Fiberon; (11) variations or changes in color of Fiberon Products; (12) improper handling, maintenance, storage, abuse or neglect of Fiberon Products by Purchaser or others; (13) ordinary wear and tear; (14) impact from objects; or (15) any fasteners not supplied or approved by Fiberon.

No warranty is given with respect to any fasteners other than the Fiberon Fasteners. Other fasteners, whether approved fasteners or otherwise, are subject to only the warranties provided by the manufacturer of the fastener and Purchaser’s sole warranty and remedy is with that manufacturer.

### Additional Terms and Limitations

The suitability of the Fiberon Products for Purchaser’s property for the installation and use of the Fiberon Products, including but not limited to whether the Fiberon Product meets the requirements of any applicable building or safety code or similar regulation relating to Purchaser’s property, is the responsibility of the Purchaser and/or its design professionals, and not that of Fiberon. Fiberon does not provide architectural or engineering services. Fiberon makes no express or implied warranty or representation as to the suitability of the Fiberon Products for, or actual performance, capabilities or operation of the Fiberon Products at, Purchaser’s property or under the conditions of Purchaser’s use. Without limitation on any other provision of this Limited Warranty, all warranties, whether express or implied, and including this Limited Warranty, are void if any one or more of the following applies or occurs: (i) the Fiberon Product or Fiberon Fastener is not installed, maintained and/or used strictly in accordance with Fiberon’s written instructions, and all applicable laws, codes and regulations; (ii) misuse of the product, whether foreseeable or unforeseeable; (iii) failure of proper and timely maintenance or repair; (iv) failure to provide timely notice to Fiberon of any failure or defect of the Fiberon Product or Fiberon Fastener; or (v) use of fasteners other than the Fiberon branded fasteners or approved hidden fasteners listed on fiberondecking.com to the extent that the Fiberon Product failures resulted from the use of non-approved fasteners.

For the most up-to-date information, visit fiberondecking.com.
This section applies to any dispute between you and Fiberon relating to your Fiberon Product. "Dispute" will be given the broadest possible meaning allowable under law.

1. Notice of Dispute

In the event of a dispute, you must give Fiberon a Notice of Dispute, which is a written statement that sets forth the name, address and contact information of the party giving it, the facts giving rise to the dispute, and the relief requested. You must send any Notice of Dispute by U.S. Mail to Fiberon, Consumer and Technical Support Department, 181 Random Dr. New London, NC 28127. You will attempt to resolve any dispute with Fiberon through informal negotiation within 60 days from the date the Notice of Dispute is sent. After 60 days, you may commence arbitration.

2. Small Claims Court

You may also litigate any dispute in small claims court in your county of residence, if the dispute meets all requirements to be heard in the small claims court. You may litigate in small claims court whether or not you negotiated informally first.

3. Binding Arbitration

BINDING ARBITRATION. IF YOU AND FIBERON DO NOT RESOLVE ANY DISPUTE BY INFORMAL NEGOTIATION OR IN SMALL CLAIMS COURT, ANY EFFORT TO RESOLVE THE DISPUTE WILL BE CONDUCTED EXCLUSIVELY BY BINDING ARBITRATION. YOU ARE GIVING UP THE RIGHT TO LITIGATE (OR PARTICIPATE IN AS A PARTY OR CLASS MEMBER) ALL DISPUTES IN COURT BEFORE A JUDGE OR JURY. Instead, all disputes will be resolved before a neutral arbitrator, whose decision will be final except for a limited right of appeal under the Federal Arbitration Act. Any court with jurisdiction over the parties may enforce the arbitrator's award.

4. Class Action Waiver

Any proceedings to resolve or litigate any dispute in any forum will be conducted solely on an individual basis. Neither you nor Fiberon will seek to have any dispute heard as a class action, private attorney general action, or in any other proceeding in which either party acts or proposes to act in a representative capacity. No arbitration or proceeding will be combined with another without the prior written consent of all parties to all affected arbitrations or proceedings.

5. Arbitration Procedure, Costs, Fees and Incentives

Any arbitration will be conducted by the American Arbitration Association (the "AAA") under its Commercial Arbitration Rules and in many cases it's Supplementary Procedures for Consumer-Related Disputes. For more information, see www.adr.org or call 1-800-778-7879. In any dispute seeking less than $10,000 in damages, Fiberon will promptly reimburse your filing fees and pay the AAA's and arbitrator's fees if you are the prevailing party. You agree to commence arbitration only in your county of residence or New London, NC, USA.

Choice of Law

North Carolina law shall govern the interpretation of this Limited Warranty and any claim that Fiberon has breached it, regardless of conflict of law principles.

Please register your warranty at this link. Fiberon strongly suggests our customers register your warranty for quicker technical support and warranty service. Fiberon product registration is voluntary. Failure to register will not diminish your limited warranty rights.

Fiberon Respects Your Privacy. Fiberon does not trade customer information. Just as important, you control how Fiberon contacts you. We will collect your preferences at the end of warranty registration and we encourage you to view our complete online privacy policy.

For the most up-to-date information, visit fiberondecking.com.
Fiber Composites LLC, individually and doing business as Fiberon (“Fiberon”) warrants to the original purchaser (“Purchaser”, “you” or “your”) that for the Warranty Period set forth below the following Products (“Fiberon Product”) shall, under normal and proper service conditions, remain free from material manufacturing defects and will not check, splinter, delaminate, rot, or suffer structural damage from fungal decay, when installed, used and maintained in an above-ground application and in accordance with Fiberon’s written instructions. For purposes of this Limited Warranty, (a) the “original purchaser” means the individual or individuals who were the owners of the structure when the deck constructed of the subject Fiberon Products was installed, and (b) a “commercial application” is an installation of the Fiberon Product on a commercial building.

The term of this Limited Warranty (“Warranty Period”) for the Fiberon Product listed below shall be ten (10) years from the date of original purchase by or for a commercial application for a commercial purchaser as long as the Purchaser owns the property upon which the Fiberon Product was installed.

**Decking:** Fiberon® Paramount® Decking, Fiberon Horizon® Decking, Fiberon Horizon Symmetry™ Collection Decking, Fiberon Pro-Tect® Decking, Fiberon ProTect Advantage® Decking, Fiberon Sanctuary® Decking, Fiberon Good Life™ Decking, Fiberon Xtreme Decking, Terranova® Xtreme Decking, Fiberon Xtreme Wide Decking, Fiberon Exotics Decking, Fiberon Traditional Decking, Fiberon ArmorGuard Decking, Terranova® Decking

The term of this Limited Warranty (“Warranty Period”) for the Fiberon Products listed below shall be five (5) years from the date of original purchase by or for a commercial application for a commercial purchaser as long as the Purchaser owns the property upon which the Fiberon Product was installed.

**Decking:** Fiberon Professional Decking
**Railing:** Fiberon Symmetry Railing, Fiberon Horizon Railing, Fiberon Good Life Railing
**Fasteners:** Fiberon and Phantom® branded Hidden Fasteners as listed on www.fiberondecking.com

Fiberon written instructions are available from your Fiberon dealer or your contractor or from Fiberon at fiberondecking.com or by writing to Fiberon at the address stated below.

In the event of a failure of the Fiberon Product or Fiberon Fastener within the applicable Warranty Period as warranted above, when properly installed, used and maintained as described above, Fiberon will replace the nonconforming item as set forth in Section 2 below.

For the most up-to-date information, visit fiberondecking.com.
Terms and Conditions

The limited warranty set forth in this Limited Warranty is the only warranty (whether written or oral, express or implied) Fiberon makes for your Fiberon Product or Fiberon Fasteners; it is subject to all terms and conditions stated herein and no one (including but not limited to a Fiberon dealer, installer, reseller, agent or employee) is authorized to modify, expand or add to this limited warranty. Fiberon makes no other representation, guarantee or warranty. No one is authorized to make any representation, guarantee or warranty on Fiberon’s behalf, and Fiberon shall not be bound by or liable for, any representation, guarantee, warranty, or condition with regard to any Fiberon Product or Fiberon Fastener other than as expressly stated in this Limited Warranty. **THIS LIMITED WARRANTY COMPRIS ES FIBERON’S SOLE AND ENTIRE WARRANTY AND OBLIGATION IN CONNECTION WITH FIBERON PRODUCTS OR FIBERON FASTENERS. ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, QUALITY, CONDITION, SUITABILITY, OR PERFORMANCE, ARE EXPRESSLY EXCLUDED AND DISCLAIMED. ALL IMPLIED WARRANTIES, INCLUDING MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, NOTEFFECTIVELY DISCLAIMED; ARE LIMITED TO THE APPLICABLE STATUTE OF LIMITATIONS, BUT IN NO EVENT WILL EXTEND BEYOND THE APPLICABLE WARRANTY PERIOD. FIBERON EXCLUDES AND WILL NOT PAY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. IN NO EVENT, REGARDLESS OF THE BASIS OF ANY CLAIM OR LIABILITY, SHALL FIBERON BE LIABLE FOR ANY DAMAGES, OF ANY NATURE OR DESCRIPTION WHATSOEVER, EXCEEDING, AND ANY LIABILITY SHALL BE LIMITED TO, THE ACTUAL PURCHASE PRICE OF THE DEFECTIVE PRODUCT AS ADJUSTED ON THE BASIS OF THE PRORATED WARRANTY SCHEDULE PROVIDED HEREIN.**

Warranty Claim Procedure

1. Make a Claim

To make a warranty claim, the Purchaser must send a copy of this warranty document, copy of original proof of purchase, and photos of the defective or nonconforming Fiberon Product or Fiberon Fasteners to the address below. Such proof of purchase must be from an authorized Fiberon Product dealer and must show (1) the date of the purchase and (2) that sufficient Fiberon Product has been purchased to cover the number of lineal feet claimed to be damaged. All warranty claims must be received by Fiberon within the Warranty Period and in no event later than thirty (30) days after any discovery of a possible nonconforming nature of or other failure of the Fiberon Product or Fiberon Fastener.

2. Submit a Claim

Send Claims and Notices to:

Fiberon
Consumer and Technical Support Department
181 Random Dr.
New London, NC 28127
Phone 844-226-3958 | Fax 704-463-1750 | email info@fiberondecking.com

3. Temporary Repairs and Determination

Upon discovering a possible defect of the Fiberon Product or Fiberon Fastener, Purchaser must make temporary repairs or cordon off the area at the Purchaser’s expense to protect all property and persons that could be affected. If needed, the Purchaser must allow Fiberon to enter the property into which the Fiberon Product or Fiberon Fastener is installed to inspect the nonconforming Product. Fiberon must have made a determination on the warranty claim before any permanent repairs or removal of materials may be undertaken. No Products shall be returned to Fiberon unless directed and authorized by Fiberon in writing to do so. Any removal or disposal of defective Products shall be at Purchaser’s expense.
Purchaser's Sole Remedy

Purchaser’s sole remedy, and Fiberon’s sole liability, for any claim whatsoever relating to the Fiberon Product or Fiberon Fastener, including without limitation, any claims arising out of the marketing, purchase, installation, use, storage, possession or maintenance of Fiberon Products (whether such claim arises in contract, warranty, tort, gross negligence, negligence, strict liability, statutes or regulations, or otherwise) or any claims that the Fiberon Products or Fiberon Fasteners failed to perform as warranted above, is and shall be the replacement of the defective Fiberon Product or Fiberon Fastener with new Fiberon Product or Fiberon Fastener, as the case may be, in an amount equal to the volume (linear feet) of defective material as listed on the Prorated Warranty Schedule contained herein or the number of defective Fiberon Fasteners. Replacement Fiberon material will be as close in color, design and quality to the original installation as reasonably possible, in Fiberon’s discretion and determination, but Fiberon does not guarantee an exact match as colors and designs may change. Additionally, Purchaser agrees to the use of such fasteners as adequate for reinstallation of the furnished board, irrespective of existing method. Fiberon may, at its option, elect to refund the percentage of the original purchase price listed under Recovery on the Prorated Warranty Schedule in lieu of replacing the defective Product.

Exclusions and Limitations of Certain Damages

In no event will Fiberon be liable for any direct, indirect, incidental, special, consequential, punitive, exemplary, statutory, special, or other, damages based upon the Fiberon Products or Fiberon Fasteners or resulting, directly or indirectly, from any defect in the Fiberon Products or Fiberon Fasteners, including but not limited to damage to, diminution in value of and/or loss of use or enjoyment of, any property or part thereof, whether based on contract, tort, strict liability, statute, regulation or otherwise, even if Fiberon is expressly advised about the possibility of such damages. Some states do not allow the exclusion or limitation of incidental or consequential damages in certain circumstances, so the above limitation may not apply to you.

In addition, this Limited Warranty does not cover and Fiberon shall not be liable for any installation, removal or reinstallation costs. Fiberon does not warrant against and is not responsible for, and no express or implied warranty shall be deemed to cover, any condition attributable to: (1) improper installation of Fiberon products and/or failure to abide by Fiberon’s written instructions and any applicable laws or building codes, including but not limited to improper structural support, fastening, ventilation or gapping; (2) use of Fiberon Products beyond normal use or in an application not recommended or permitted by Fiberon’s written instructions and applicable laws and building codes; (3) movement, distortion, collapse or settling of the ground or the supporting structure on which Fiberon Products are installed; (4) Defects in or failure arising from decking structure resulting from water caused by improper installation, workmanship, maintenance or repair; (5) any Act of God (including but not limited to flooding, hurricane, tornado, wind, earthquake, lightning, hail, etc.); (6) discoloration, fading, spotting or staining from or caused, in whole or in part, by mold, mildew, other fungal growth, organic materials, metallic oxides or particles (including but not limited to rust or corrosion of any fasteners), dirt, other atmospheric or environmental pollutants, foreign substances such as grease or oil, chemicals (including but not limited to those found in cleaners), or normal weathering (defined as natural efflorescence, exposure to sunlight, weather and atmospheric conditions which causes any colored surface to gradually fade, flake, chalk, or accumulate dirt or stains); (7) damage resulting from casualty, fire or exposure to heat sources such as cooking devices or retro-reflective surfaces; (8) the application of paints, stains, surface treatments or other chemical substances including but not limited to cleaners or pesticides; (9) fading, flaking or other deterioration of any paints, stains or other coatings placed on the Fiberon Products; (10) climate change, environmental conditions, static electricity or any cause beyond the control of Fiberon; (11) variations or changes in color of Fiberon Products; (12) improper handling, maintenance, storage, abuse or neglect of Fiberon Products by Purchaser or others; (13) ordinary wear and tear; (14) impact from objects; or (15) any fasteners not supplied or approved by Fiberon.

No warranty is given with respect to any fasteners other than the Fiberon Fasteners. Other fasteners, whether approved fasteners or otherwise, are subject to only the warranties provided by the manufacturer of the fastener and Purchaser’s sole warranty and remedy is with that manufacturer.
The suitability of the Fiberon Products for Purchaser’s property for the installation and use of the Fiberon Products, including but not limited to whether the Fiberon Product meets the requirements of any applicable building or safety code or similar regulation relating to Purchaser’s property, is the responsibility of the Purchaser and/or its design professionals, and not that of Fiberon. Fiberon does not provide architectural or engineering services. Fiberon makes no express or implied warranty or representation as to the suitability of the Fiberon Products for, or actual performance, capabilities or operation of the Fiberon Products at, Purchaser’s property or under the conditions of Purchaser’s use.
Without limitation on any other provision of this Limited Warranty, all warranties, whether express or implied, and including this Limited Warranty, are void if any one or more of the following applies or occurs: (i) the Fiberon Product or Fiberon Fastener is not installed, maintained and/or used strictly in accordance with Fiberon’s written instructions, and all applicable laws, codes and regulations; (ii) misuse of the product, whether foreseeable or unforeseeable; (iii) failure of proper and timely maintenance or repair; (iv) failure to provide timely notice to Fiberon of any failure or defect of the Fiberon Product or Fiberon Fastener; or (v) use of fasteners other than the Fiberon branded fasteners or approved hidden fasteners listed on fiberondecking.com to the extent that the Fiberon Product failures resulted from the use of non-approved fasteners.

**Additional Terms and Limitations**

The suitability of the Fiberon Products for Purchaser’s property for the installation and use of the Fiberon Products, including but not limited to whether the Fiberon Product meets the requirements of any applicable building or safety code or similar regulation relating to Purchaser’s property, is the responsibility of the Purchaser and/or its design professionals, and not that of Fiberon. Fiberon does not provide architectural or engineering services. Fiberon makes no express or implied warranty or representation as to the suitability of the Fiberon Products for, or actual performance, capabilities or operation of the Fiberon Products at, Purchaser’s property or under the conditions of Purchaser’s use.
Without limitation on any other provision of this Limited Warranty, all warranties, whether express or implied, and including this Limited Warranty, are void if any one or more of the following applies or occurs: (i) the Fiberon Product or Fiberon Fastener is not installed, maintained and/or used strictly in accordance with Fiberon’s written instructions, and all applicable laws, codes and regulations; (ii) misuse of the product, whether foreseeable or unforeseeable; (iii) failure of proper and timely maintenance or repair; (iv) failure to provide timely notice to Fiberon of any failure or defect of the Fiberon Product or Fiberon Fastener; or (v) use of fasteners other than the Fiberon branded fasteners or approved hidden fasteners listed on fiberondecking.com to the extent that the Fiberon Product failures resulted from the use of non-approved fasteners.

**Binding Arbitration and Class Action Waiver if You Live in the United States**

This section applies to any dispute between you and Fiberon relating to your Fiberon Product. “Dispute” will be given the broadest possible meaning allowable under law.

### 1. Notice of Dispute

In the event of a dispute, you must give Fiberon a Notice of Dispute, which is a written statement that sets forth the name, address and contact information of the party giving it, the facts giving rise to the dispute, and the relief requested. You must send any Notice of Dispute by U.S. Mail to Fiberon, Consumer and Technical Support Department, 181 Random Dr. New London, NC 28127. You will attempt to resolve any dispute with Fiberon through informal negotiation within 60 days from the date the Notice of Dispute is sent. After 60 days, you may commence arbitration.

### 2. Small Claims Court

You may also litigate any dispute in small claims court in your county of residence, if the dispute meets all requirements to be heard in the small claims court. You may litigate in small claims court whether or not you negotiated informally first.

### 3. Binding Arbitration

**IF YOU AND FIBERON DO NOT RESOLVE ANY DISPUTE BY INFORMAL NEGOTIATION OR IN SMALL CLAIMS COURT, ANY EFFORT TO RESOLVE THE DISPUTE WILL BE CONDUCTED EXCLUSIVELY BY BINDING ARBITRATION. YOU ARE GIVING UP THE RIGHT TO LITIGATE (OR PARTICIPATE IN AS A PARTY OR CLASS MEMBER) ALL DISPUTES IN COURT BEFORE A JUDGE OR JURY. Instead, all disputes will be resolved before a neutral arbitrator, whose decision will be final except for a limited right of appeal under the Federal Arbitration Act. Any court with jurisdiction over the parties may enforce the arbitrator’s award.**

### 4. Class Action Waiver

Any proceedings to resolve or litigate any dispute in any forum will be conducted solely on an individual basis. Neither you nor Fiberon will seek to have any dispute heard as a class action, private attorney general action, or in any other proceeding in which either party acts or proposes to act in a representative capacity. No arbitration or proceeding will be combined with another without the prior written consent of all parties to all affected arbitrations or proceedings.
Arbitration Procedure, Costs, Fees and Incentives

Any arbitration will be conducted by the American Arbitration Association (the "AAA") under its Commercial Arbitration Rules and in many cases it's Supplementary Procedures for Consumer-Related Disputes. For more information, see www.adr.org or call 1-800-778-7879. In any dispute seeking less than $10,000 in damages, Fiberon will promptly reimburse your filing fees and pay the AAA's and arbitrator's fees if you are the prevailing party. You agree to commence arbitration only in your county of residence or New London, NC.

Choice of Law

North Carolina law shall govern the interpretation of this Limited Warranty and any claim that Fiberon has breached it, regardless of conflict of law principles.

Please register your warranty at this link. Fiberon strongly suggests our customers register your warranty for quicker technical support and warranty service. Fiberon product registration is voluntary. Failure to register will not diminish your limited warranty rights.

Fiberon Respects Your Privacy. Fiberon does not trade customer information. Just as important, you control how Fiberon contacts you. We will collect your preferences at the end of warranty registration and we encourage you to view our complete online privacy policy.

Stain and Fade Performance Limited Warranty

PLEASE READ THIS WARRANTY CAREFULLY BEFORE PURCHASING, USING OR INSTALLING YOUR FIBERON PRODUCT. THIS WARRANTY IS A BASIS OF THE BARGAIN AND PURCHASE OF THE FIBERON PRODUCT AND SETS FORTH THE ENTIRE WARRANTY AND RESPONSIBILITY OF FIBERON. PURCHASE AND USE OF THE FIBERON PRODUCT CONSTITUTES ACCEPTANCE OF AND AGREEMENT TO THESE TERMS. SECTION 5 CONTAINS A BINDING ARBITRATION CLAUSE AND CLASS ACTION WAIVER THAT AFFECTS YOUR RIGHTS ABOUT HOW TO RESOLVE ANY DISPUTE WITH FIBERON.

Warranty Coverage

Fiber Composites LLC, individually and doing business as Fiberon (“Fiberon”), warrants the stain and fade resistance of the following products manufactured by Fiberon (“Fiberon Product”), to the original purchaser (“Purchaser”, “you” or “your”) for the warranty period set forth below under normal and proper service conditions, when properly installed and used as decking in residential applications, as long as the Purchaser owns the residence upon which the decking materials are installed.

25-Year Coverage

Fiberon® Horizon® Decking, Fiberon Horizon Symmetry™ Collection Decking, Fiberon ProTect Advantage® Decking, Fiberon ProTect® Decking, Fiberon Sanctuary® Decking, and Fiberon Good Life™ Decking

20-Year Coverage

Fiberon ArmorGuard® Decking, Veranda® ArmorGuard Decking and Railing, Fiberon Xtreme Decking, and Fiberon Xtreme Wide Decking

Stain Resistance

Fiberon warrants that the Fiberon Products named above are and will be from the date of residential consumer purchase for the term coverage stated above, resistant to permanent staining resulting from spills of food and beverage items that would typically be present on a residential deck, provided that the Fiberon Products were installed, cared for and maintained in accordance with the Fiberon written instructions, the Fiberon Care and Maintenance Instructions found on www.fiberondecking.com and the conditions stated above.

Fade Resistance

Fiberon warrants that the Fiberon Products are and will be, from the date of residential consumer purchase for the term coverage stated above, resistant to color change from light and weathering exposure as measured by color change in excess of 5 Delta E (Hunter) units provided that the Fiberon products were installed, cared for and maintained in accordance with the Fiberon written instructions and the Fiberon Care and Maintenance instructions found on www.fiberondecking.com and the conditions stated below.

Exclusions from Stain and Fade Warranty Coverage

Fiberon does not warrant its Fiberon Products to be stain or fade proof. When installed, cared for and maintained properly in the residential exterior deck environment, Fiberon Decking products provide stain and fade resistance. However, no material is stain or fade proof, especially but not only when stains result from spilled or otherwise substances that are not properly cleaned or when the materials are exposed to years of UV exposure and the elements.

Without limitation on any other provision of this Limited Warranty, Fiberon does not warrant for stain resistance resulting from spilled or otherwise applied substances that are not properly cleaned with soap and water or mild household cleaners immediately.

For the most up-to-date information, visit fiberondecking.com.
All warranties are void and excluded in their entirety in any of the following events:

- Failure to install, care for and maintain the Fiberon Products in accordance with the Fiberon written instructions, and the Fiberon Care and Maintenance instructions found on www.fiberondecking.com and the conditions stated below voids all warranties in their entirety.
- Use of abrasive compounds of acidic or basic pH, strong solvents, oil based paints or stains, metallic rust, concrete or masonry products, air or water borne minerals and other abnormal residential deck use items will damage the Fiberon Products and voids all warranties in their entirety.
- Direct or indirect contact with the Fiberon Products of extreme heat sources (over 250 degrees) voids all warranties in their entirety.
- Damaging, gouging, scraping or puncturing the surface of the Fiberon Products voids all warranties in their entirety.
- Paint or applying other coating materials to Fiberon Products voids all warranties in their entirety.

Compliance with the Fiberon Care and Maintenance Instructions is required and a condition precedent to any warranty or warranty claim. Without limitation on any other provision of this Limited Warranty to qualify for coverage, you must have tried cleaning the affected area of your deck using the instructions indicated within this document and within the Care and Maintenance Instructions provided online at www.fiberondecking.com. If the affected area still remains unsatisfactory after you have tried these cleaning procedures, then you must have the affected area of your deck professionally cleaned at your expense. If the affected area remains unsatisfactory after the professional cleaning, you must contact Fiberon Consumer and Technical Support (800-573-8841) and provide proof of the professional cleaning within 30 days of the professional cleaning.

The limited warranty set forth in this Limited Warranty is the only warranty (whether written or oral, express or implied) Fiberon makes for your Fiberon Product or Fiberon Fasteners; it is subject to all terms and conditions stated herein and no one (including but not limited to a Fiberon dealer, installer, reseller, agent or employee) is authorized to modify, expand or add to this limited warranty. Fiberon makes no other representation, guarantee or warranty. No one is authorized to make any representation, guarantee or warranty on Fiberon’s behalf, and Fiberon shall not be bound by or liable for, any representation, guarantee, warranty, or condition with regard to any Fiberon Product or Fiberon Fastener other than as expressly stated in this Limited Warranty. THIS LIMITED WARRANTY COMPRISSES FIBERON'S SOLE AND ENTIRE WARRANTY AND OBLIGATION IN CONNECTION WITH FIBERON PRODUCTS OR FIBERON FASTENERS. ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, QUALITY, CONDITION, SUITABILITY, OR PERFORMANCE, ARE EXPRESSLY EXCLUDED AND DISCLAIMED. ALL IMPLIED WARRANTIES, INCLUDING MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, NOT EFFECTIVELY DISCLAIMED ARE LIMITED TO THE APPLICABLE STATUTE OF LIMITATIONS BUT IN NO EVENT WILL EXTEND BEYOND THE APPLICABLE WARRANTY PERIOD. FIBERON EXCLUDES AND WILL NOT PAY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. IN NO EVENT, REGARDLESS OF THE BASIS OF ANY CLAIM OR LIABILITY, SHALL FIBERON BE LIABLE FOR ANY DAMAGES, OF ANY NATURE OR DESCRIPTION WHATSOEVER, EXCEEDING, AND ANY LIABILITY SHALL BE LIMITED TO, THE ACTUAL PURCHASE PRICE OF THE DEFECTIVE PRODUCT AS ADJUSTED ON THE BASIS OF THE PRORATED WARRANTY SCHEDULE PROVIDED HEREIN.
Upon discovering a possible defect of the Fiberon Product, Purchaser must make temporary repairs or cordon off the area at the Purchaser’s expense to protect all property and persons that could be affected. If needed, the Purchaser must allow Fiberon to enter the property into which the Fiberon Product is installed to inspect the nonconforming product. Fiberon must have made a determination on the warranty claim before any permanent repairs or removal of materials may be undertaken. No products shall be returned to Fiberon unless directed and authorized by Fiberon in writing to do so. Any removal or disposal of defective products shall be at Purchaser’s expense.

Purchaser’s Sole Remedy

Purchaser’s Sole Remedy. Purchaser’s sole remedy, and Fiberon’s sole liability, for any claim whatsoever relating to the Fiberon Product, including without limitation any claims arising out of the marketing, purchase, installation, use, storage, possession or maintenance of the Fiberon Products (whether such claim arises in contract, warranty, tort, gross negligence, negligence, strict liability, statutes or regulations or otherwise) or any claims that the Fiberon Products failed to perform as warranted above, is and shall be the replacement of the defective Fiberon Product with new Fiberon Product in an amount equal to the volume (linear feet) of defective material as listed on the Prorated Warranty Schedule contained herein. Replacement Fiberon material will be as close in color, design and quality to the original installation as reasonably possible, in Fiberon’s discretion and determination, but Fiberon does not guarantee an exact match as colors and designs may change. Additionally, Purchaser agrees to the use of such fasteners as adequate for reinstallation of the furnished board, irrespective of existing method. Fiberon may, at its option, elect to refund the percentage of the original purchase price listed under Recovery on the Prorated Warranty Schedule in lieu of replacing the defective product.

Exclusions and Limitations of Certain Damages

In no event will Fiberon be liable for any direct, indirect, incidental, special, consequential, punitive, exemplary, statutory, special, or other, damages based upon the Fiberon Products or resulting, directly or indirectly, from any defect in the Fiberon Products, including but not limited to damage to, diminution in value of and/or loss of use or enjoyment of, any property or part thereof, whether based on contract, tort, strict liability, statute, regulation or otherwise, even if Fiberon is expressly advised about the possibility of such damages. Some states do not allow the exclusion or limitation of incidental or consequential damages in certain circumstances, so the above limitation may not apply to you.

In addition, this Limited Warranty does not cover and Fiberon shall not be liable for any installation, removal or reinstallation costs. Fiberon does not warrant against and is not responsible for, and no express or implied warranty shall be deemed to cover, any condition attributable to: (1) improper installation of Fiberon products and/or failure to abide by Fiberon’s written instructions and any applicable laws or building codes, including but not limited to improper structural support, fastening, ventilation or gapping; (2) use of Fiberon Products beyond normal use or in an application not recommended or permitted by Fiberon’s written instructions and applicable laws and building codes; (3) movement, distortion, collapse or settling of the ground or the supporting structure on which Fiberon Products are installed; (4) Defects in or failure arising from deck structure resulting from water caused by improper installation, workmanship, maintenance or repair; (5) any Act of God (including but not limited to flooding, hurricane, tornado, wind, earthquake, lightning, hail, etc.); (6) discoloration, fading, spotting or staining from or caused, in whole or in part, by mold, mildew, other fungal growth, organic materials, metallic oxides or particles (including but not limited to rust or corrosion of any fasteners), dirt, other atmospheric or environmental pollutants, foreign substances such as grease or oil, chemicals (including but not limited to those found in cleaners), or normal weathering (defined as natural efflorescence, exposure to sunlight, weather and atmospheric conditions which causes any colored surface to gradually fade, flake, chalk, or accumulate dirt or stains); (7) damage resulting from casualty, fire or exposure to heat sources such as cooking devices or retro-reflective surfaces; (8) the application of paints, stains, surface treatments or other chemical substances including but not limited to rust or corrosion of any fasteners, dirt, other atmospheric or environmental pollutants, foreign substances such as grease or oil, chemicals (including but not limited to those found in cleaners), or normal weathering (defined as natural efflorescence, exposure to sunlight, weather and atmospheric conditions which causes any colored surface to gradually fade, flake, chalk, or accumulate dirt or stains); (8) the application of paints, stains, surface treatments or other chemical substances including but not limited to rust or corrosion of any fasteners, dirt, other atmospheric or environmental pollutants, foreign substances such as grease or oil, chemicals (including but not limited to those found in cleaners), or normal weathering (defined as natural efflorescence, exposure to sunlight, weather and atmospheric conditions which causes any colored surface to gradually fade, flake, chalk, or accumulate dirt or stains); (9) fading, flaking or other deterioration of any paints, stains or other coatings placed on the Fiberon Products; (10) climate change, environmental conditions, static electricity or any cause beyond the control of Fiberon; (11) variations or changes in color of Fiberon Products; (12) improper handling, maintenance, storage, abuse or neglect of Fiberon Products by Purchaser or others; (13) ordinary wear and tear; (14) impact from objects; or (15) any fasteners not supplied or approved by Fiberon.
**Additional Terms and Limitations**

The suitability of the Fiberon Products for Purchaser’s property for the installation and use of the Fiberon Products, including but not limited to whether the Fiberon Product meets the requirements of any applicable building or safety code or similar regulation relating to Purchaser’s property, is the responsibility of the Purchaser and/or its design professionals, and not that of Fiberon. Fiberon does not provide architectural or engineering services. Fiberon makes no express or implied warranty or representation as to the suitability of the Fiberon Products for, or actual performance, capabilities or operation of the Fiberon Products at, Purchaser’s property or under the conditions of Purchaser’s use.

Without limitation on any other provision of this Limited Warranty, all warranties, whether express or implied, and including this Limited Warranty, are void if any one or more of the following applies or occurs: (i) the Fiberon Product is not installed, maintained and/or used strictly in accordance with Fiberon's written instructions, and all applicable laws, codes and regulations; (ii) misuse of the product, whether foreseeable or unforeseeable; (iii) failure of proper and timely maintenance or repair; (iv) failure to provide timely notice to Fiberon of any failure or defect of the Fiberon Product; or (v) use of fasteners other than the Fiberon branded fasteners or approved hidden fasteners listed on fiberondecking.com to the extent that the Fiberon Product failures resulted from the use of non-approved fasteners.

### Binding Arbitration and Class Action Waiver if You Live in the United States

This section applies to any dispute between you and Fiberon relating to your Fiberon Product. “Dispute” will be given the broadest possible meaning allowable under law.

#### 1. Notice of Dispute

In the event of a dispute, you must give Fiberon a Notice of Dispute, which is a written statement that sets forth the name, address and contact information of the party giving it, the facts giving rise to the dispute, and the relief requested. You must send any Notice of Dispute by U.S. Mail to Fiberon, Consumer and Technical Support Department, 181 Random Dr. New London, NC 28127. You will attempt to resolve any dispute with Fiberon through informal negotiation within 60 days from the date the Notice of Dispute is sent. After 60 days, you may commence arbitration.

#### 2. Small Claims Court

You may also litigate any dispute in small claims court in your county of residence, if the dispute meets all requirements to be heard in the small claims court. You may litigate in small claims court whether or not you negotiated informally first.

#### 3. Binding Arbitration

**IF YOU AND FIBERON DO NOT RESOLVE ANY DISPUTE BY INFORMAL NEGOTIATION OR IN SMALL CLAIMS COURT, ANY EFFORT TO RESOLVE THE DISPUTE WILL BE CONDUCTED EXCLUSIVELY BY BINDING ARBITRATION. YOU ARE GIVING UP THE RIGHT TO LITIGATE (OR PARTICIPATE IN AS A PARTY OR CLASS MEMBER) ALL DISPUTES IN COURT BEFORE A JUDGE OR JURY.** Instead, all disputes will be resolved before a neutral arbitrator, whose decision will be final except for a limited right of appeal under the Federal Arbitration Act. Any court with jurisdiction over the parties may enforce the arbitrator's award.

#### 4. Class Action Waiver

Any proceedings to resolve or litigate any dispute in any forum will be conducted solely on an individual basis. Neither you nor Fiberon will seek to have any dispute heard as a class action, private attorney general action, or in any other proceeding in which either party acts or proposes to act in a representative capacity. No arbitration or proceeding will be combined with another without the prior written consent of all parties to all affected arbitrations or proceedings.
Arbitration Procedure, Costs, Fees and Incentives

Any arbitration will be conducted by the American Arbitration Association (the "AAA") under its Commercial Arbitration Rules and in many cases it's Supplementary Procedures for Consumer-Related Disputes. For more information, see www.adr.org or call 1-800-778-7879. In any dispute seeking less than $10,000 in damages, Fiberon will promptly reimburse your filing fees and pay the AAA's and arbitrator's fees if you are the prevailing party. You agree to commence arbitration only in your county of residence or New London, NC.

Choice of Law

North Carolina law shall govern the interpretation of this Limited Warranty and any claim that Fiberon has breached it, regardless of conflict of law principles.
